Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Klaus Kurz

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Linda Cardoso

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Estela Gomez

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Fernando Castillo
Roanoke Street
La Habra, California 90631-2425

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Fred Claxton
Union Avenue
La Habra, California 90631

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

George Castano
Ridgehaven Drive
La Habra, California 90631

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Glen Landry

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Anitra Kyees

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Lawrence Li

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Natalie GUNK

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Nina Campmas

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Pam Moore
Teakwood Avenue
La Habra, California 90631

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

paul & debbie ecker

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Peter Ching

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Rachel Tillman

Subject: Rancho La Habra

Rancho La Habra

The purpose of this email is to provide my public comment about the proposed rezoning/updating of the land use designation from Open Space to Low density Residential (Westridge Golf Course).

I've lived in La Habra for many years and during that time have seen traffic and congestion increase, specifically on Imperial Highway, Beach Boulevard and Euclid. My family and I are opposed to this change due to the environmental impact it will have on our community. We're already feeling the impact of climate change and the planning commission needs to seriously think of the negative long-term effects before voting.

Thank you for your consideration.

- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

RoseMarie Ramirez

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Shishir Shah

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Sue Dortignac

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Tony Gonzalez

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Victoria Arrieta

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Xavier Lopes
