I'm withdrawing my support for Rancho La Habra for now. I thought the plan was for the park area, but I just found out the plan includes building 450 new homes in that area as well.

I'll wait until I learn more about the project.

Thank you,
Alisa Grace

Dear members of the Planning Commission:

I am writing in support of your approval of the Rancho La Habra plan and all related documents when it comes before you.

In the 5+ years this plan has been moving its way through the City's process environmental review, every potential impact has been evaluated and hundreds of effective mitigation measures have been proposed for your review. You have the opportunity to support the conversion of a dying golf course that contributes very little to our community into a sensitively designed new neighborhood that will be an economic spark for our community, and will finally allow La Habra to achieve its General Plan goal for parks acreage.

Thank you for your careful consideration of this development proposal. I urge you to vote in support of Rancho La Habra.

Thank you,

Alisa Grace
La Habra Resident

Dear Planning Commission
City of La Habra,

Our family of 7 have lived in the Country Hills area for about 50 years. We have seen many changes during that time. The newest plan to replace the Golf Course with high density houses is of great concern to us for several reasons:

- 1st. The ever increasing traffic on Idaho spilling into the city! Cars racing down the street coming from Fullerton and now the threat of an ever increasing traffic flow!
- 2nd. The impact of students attending both Grade and Junior High schools. Already now we are restricted in travel time and have to avoid the times when parents drop off/pick up their children to both schools and at various staggered times. Our schools are already impacted by many students!
- 3rd. When the Golf Course area was developed the **city promised OPEN SPACE**. A promise is a **promise** and should be honored by the City as well !

On our daily walk we meet many people, several have moved in from Korea, and other nations. Being very conscientious and responsible in their neighborhood and registered to vote, they are still not yet versed enough to express their opinions through a Zoom meeting where words and sounds are often not clear or distorted. They feel intimidated, so do I with my German accent. Speaking freely at a council meeting gives us the chance to be heard. Many of us, Senior citizens above all, are not prepared to zoom. I consider it a **discrimination** to be shut out in voicing my opinion.

Due to Covid-19 many events in La Habra have been cancelled. This public hearing should be cancelled as well, since a Zoom meeting is not truly representative.

If a person to person City meeting is not possible then the city should give us the opportunity to instead let us make a real personal decision at the polls. Vote it up or down. This is fair and responsible.

City Council:

I am opposed to the new developments in Rancho La Habra because traffic will be worse in the rush hours, raising the crime rate, pollution and City of La Habra has no green areas anymore to walk, run and do free exercises. The golf course court yard is pretty as it is and can be used as recreational park. There is already too much building in La Habra, we do not need anymore.

Thank you very much.

Dear Planning Commission,

I am very much opposed to the General Plan Amendment. Please leave Westridge Golf Course untouched.

I recently moved from La Canada Flintridge, and purchased a home near Westridge Golf Course because I liked the fact that I would have some open space, and a golf course to play, near my house. We have enough traffic, and more than enough housing density. Please don't overpack this beautiful city with more housing.

Sincerely,

John McCoy

To whom it may concern:

My family has lived in La Habra for 10 years. During that time we have seen townhomes crammed into any and every open space available. It is an eyesore already. We have very little open space as it is and everywhere you turn there is housing. I feel sorry for those homeowners who now have strangers looking down from the townhomes into their backyards. People on Lorella have no privacy because of the looming 3 story townhomes that are right against their backyard. And who's bright idea was housing that is backed up to El Portal Elementary? Just what I want, people with a view of my children at school from their home. We do NOT want additional house as we have enough.

We do not need any more housing! The traffic is already horrible in La Habra at all times of the day. Adding more housing will significantly increase this. Especially because housing is so expensive that most people have either multiple families or multiple roommates in order to afford to pay rent/mortgages! We do NOT want additional housing which would bring additional traffic.

Our schools are already overcrowded! My 8 year old is in a class with over 30 students already! How are our children going to get a decent education with such overcrowded classrooms already. Every school is already full of bungalows because they already cannot handle the amount of children in the community. The schools cannot handle an influx of more students that the housing would bring. We do NOT want additional housing that will put a strain on our already overcrowded schools.

Please leave our open space in La Habra and do not put additional housing in. Think of our aesthetic, our traffic, our pollution, our noise, and our overcrowded schools!

Thank you!
Sara Rocha

Subject: Rancho La Habra

Dear Planning Commission:

I strenuously object to the pursuit of development of Rancho La Habra (formerly Westridge Golf Course).

I have lived here almost 40+ years and have seen La Habra grow from a sleepy bedroom community to a more balanced use community. However, we have become more and more crowded due to the non-stop over building of high-density multifamily housing.

The traffic is horrendous – before COVID 19, at 5:00pm, the backup of cars going south on Harbor Blvd from Whittier Blvd. extended almost to Lambert. Eastbound traffic on Whittier Blvd. is backed up past El Cholo starting about 4:00. My husband used to be happy that when he worked uptown Whittier, that meant a short 15-20 minutes commute. Now it is 30-40 minutes. Beach and Imperial Highways are also terribly congested. I can't imagine what traffic conditions will be like if 450 more homes are built. That means, at least, 900 more cars driving in the area and on the streets of La Habra. Many of these homes will be occupied by multiple families so the probability of greater than 900 additional cars is highly likely. Enough is enough!

Even though there is an open space planned, there is still environmental damage. The wildlife (coyotes and other animals) have been displaced and have had their natural habitat taken from them. That means the coyote problem will increase even more. These homes would be built on soil that has possibly been contaminated with oil waste and waste from the golf course. You plan vigorous cleanup but there still is a chance that contamination will persist.

The City of La Habra must look past the short-term increase in revenue and taxes and look at the long-term environmental damage and increased traffic. The citizens of La Habra deserve to have a quality of life in this city. An increase in population will only be a detriment. The traffic flow and density of La Habra is at its max. Please thoughtfully consider these objections when making your decision.

Best regards,

Karen Barnett

Subject: Rancho La Habra

Dear Sirs and Madams,

I am a new resident of La Habra, and bought a house in the Lemon Tree neighborhood. My backyard is the Westridge Golf Course. I am extremely against a housing complex being built in the location of the Westridge Golf Course. My husband and I bought our house because of the location of the golf course, and the lack of neighbors on that side of our house. Right now, at night, I can hear birds, and some nights the sounds of coyotes singing. If the area is developed, that most likely will go away.

Currently, that area of land has public access for anyone who wants to enjoy the golf course. It also provides open space for the coyotes, birds, and other wildlife in the area. If the proposed 448 homes are developed there, it blocks access with the gated communities, and no longer public. It will put 1000-1500 or more additional cars on the road in this already congested area. The small plots of "city park land" are pockets of land, which actually do not keep the current species of wildlife in the area. Coyotes will become even a greater problem in the area, as land they could be in is taken away, developed and blocked by fences. Wildlife that needs a larger home area, will lose this area with housing developments and fences. In the draft Environmental Impact Study, I don't see the specifics on how the wildlife in the area will be impacted. Has the California Department of Fish and Wildlife been able to do a species specific study, to see if there are any threatened or endangered species that reside there, that will be impacted by the development?

There will be more pollution due to the increased footprint of human inhabitants released into the environment, greater noise in the area, with the increased number of people in the area, cars on the road, and less plants and trees to deaden the sound, and an increase in greenhouse gases produced by the added people and development.

Southern California is already a hot environment. Adding additional pavement to the area is only going to increase the heat retention. The current undeveloped open area, helps keep the area cool, and to help it cool off at night. There is not enough green space in southern california, and the proposed "parks" that give access to only the neighbors who pay for the privilege is not good enough.

The shopping centers and roadways are already crowded enough with the current population of people living in the area. Is the increase in population going to tax the first responders, school systems, and other public services in the area too much? This new proposed neighborhood is going to make it worse.

Please consider voting no for this development. This area is already congested enough, and the additional taxes and revenue that would be brought in by the development, DO NOT outway all the harm it will bring to the community and area. The Rancho La Habra development would ultimately be a burden on the city of La Habra and its residences.

Thank you for you time,

Kimberly Bell

To the City of La Habra Planning Commission:

Hello, my husband and I have been residents of La Habra since 2018. We purchased and moved into our very first home in this lovely city, choosing to raise our first baby here, as she was due to arrive only a month after we moved in. We were attracted to La Habra due to multiple factors, including kind neighbors and a general feeling of peace, safety, and quiet that made us believe that this would be a wonderful place in which to raise our child. The fact that our backyard overlooked wide, rolling green hills was instrumental to the sense of peace and quiet that attracted us to this home. Constructing the proposed Rancho La Habra condominiums would have an extremely negative impact on the quality of life in our home and neighborhood. These negative consequences would include construction noise, increased pollution, increased traffic congestion, and the overall destruction of the peace and quiet in our neighborhood, among other things. And of course, we as homeowners would be sorely grieved to have our backyard overlooking rows and rows of condominiums rather than the serene green hills that we fell in love with. We understand that it is part of the planning commission's job to consider actions that could generate revenue for the city. However, we believe the greater purpose of the planning commission is to prioritize the long-term well-being of La Habra's residents as well as the current and future quality of life in La Habra. Replacing the beauty and peace of La Habra with cookie-cutter condominiums would greatly diminish our quality of life and negatively impact home values. If the opinions and desires of La Habra's current residents are of importance to you, we implore you to decline constructing Rancho La Habra for all of our sakes. Thank you for your consideration and your efforts on our behalf.

Sincerely,
Michelle and Philip Park

To the city Council members:

I have lived at my address since 1984 on Imperial Highway. Each year the traffic congestion has gotten worse, but these last five years, trying to get home between 4-5 pm is almost impossible. It has become a parking lot, especially around the Holidays.

We have lost so much green belt land in the cities it is ridiculous. It seems it is the left leaning politicians in Sacramento who are commanding what the cities are to do. This is wrong!

My suggestion for this commission is to purchase Westridge Golf Course and make it a City Municipal Golf Course. We need the space and the green belt to stay plus a recreational facility.

Subject: Rancho La Habra - OPPOSED!!!

Hello,

I am OPPOSED to the rezoning of Westridge from open area to residential. I have lived in La Habra for over 50 years and as a property owner, was hoping to live here for many more years. My property is close to the Beach and Imperial intersection. The traffic is already atrocious. Each house added to the Westridge area will bring in at least 2 more vehicles. In addition, there will be more traffic due to deliveries to those houses, trash pick up, and street cleaners. More traffic means more pollution (air and noise), even a politician has to admit that fact!

I know Westridge uses water, but I still cannot believe the golf course uses more water than 400 new households. We are still getting reminders to conserve water, so it doesn't seem like we have surplus.

What about electricity? Even if every new home is to be solar powered, I can't believe that there will be no extra demand on our already strained electrical grid.

If you care about the quality of life for the CURRENT residents, you will oppose the rezoning and the building of this new neighborhood.

Please, don't convert that last little piece of open land in La Habra to residential.

Trying to get this approved before the election is an obvious tactical move on the part of the city government.

Do the right thing for the citizens. Choose us over the money!

Thank you for considering my position,

Stacy Jackson

Subject: Rancho La Habra

Dear Planning Commission,

Please do not rezone the Westridge area from open to residential. I DO NOT want more houses to be added to our already congested city.

I have owned a home in La Habra for over 50 years. I live the Parkwood neighborhood. The traffic at Idaho and Imperial is already so bad, that it takes multiple light cycles to get through that intersection at times. Adding more homes is going to increase this already bad situation.

Adding more people stresses our already ancient sewer system. I am worried about more ruptures and street repairs as a result of these additional homes.

Right now the golf course is quiet. If homes go in there, that means more delivery trucks rumbling through that now quiet area. More pollution too!

400 more homes means a lot more trash. I thought there was already an issue with trying to find places to take trash. Recycling centers in the state are no longer as active due to new laws, so where is all the trash going to go?

I do think that the city getting this hearing on the books before the election is a low move. Hopefully, you are not like so many politicians, who really don't care about the citizens, but are just looking out for themselves.

NO on this new housing development. NO on the new homes. NO on the rezoning!

Jim Brewer

Subject: Rancho La Habra (Westridge Golf Course)

Dear Planning Commission of La Habra.

As a longtime resident of La Habra, at almost 40 years, I have some concerns on the subject proposal. Though I am usually encouraged to see new homes and development in an older city such as La Habra, I am seeking the thoughts from the commission on the following:

- 1) How is the City going to address the traffic issues, already a major problem in traversing the city?
- 2) Though our schools seem to be improving, they still have an uphill journey to be comparable to nearby cities and their school's respective districts, and with more children in the existing schools, how can the city prevent the overcrowding of our schools, which would be at the detriment of the students, and their test scores? Obviously, the quality of schools has a big impact on the city, its residents, and the property values.
- 3) With a city that is having difficulty in abiding by their own rules/ordinances/and laws currently on the book, such as overnight parking, trash can removals from view, and overall appearance of the cities residential neighborhoods, how is this proposal going to help an already stretched city and its resources? In listening to the city leaders/council the one thing you hear over and over is La Habra does not have the manpower or financial resources to do what needs to be done. Adding more people, homes, and vehicles is going to improve this?

La Habra seems to be at a decisive point in time, whether going forward for the good of the city, or retreat as just another older city in decline. The commercial businesses seem to be a good addition for all, however our property values based on the above concerns, are lagging compared to other cities just a few miles from us.

Thank you for your consideration.

Respectfully submitted

John Sudduth

Subject: Development of Rancho LaHabra

My husband & I have resided in La Habra for over 17 years, in the Country Hills West community, which we love. We are deeply concerned about the proposed development of Rancho La Habra, which would replace the Westridge Golf Course, located just across Idaho Street from our development.

We oppose this development as the addition of 450 multi-family and higher density residences will:

- 1) bring increased traffic and air pollution to the area
- 2) Eliminate trees and open grassy hills which give off carbon dioxide to FIGHT AGAINST climate change
- 3) Increase the usage of water, which is a resource in short supply due to increasing drought, and tax the City's water supply and drive up costs
- 4) Bring increased usage of electrical power at a time when climate change is already taxing our electrical supply across the State with unprecedented heat waves. The costs for electricity are high enough already.

We moved to La Habra because we liked the suburban, uncrowded feel of the City. We like the ability to move about with traffic that is manageable, even during rush hour. We like the fact we can see the Mountains from our home, as the air is fresh and clean. We love looking at the snow when it's on Mt. Baldy. We enjoy the parks and open spaces. We like the fact we do not have to fight for parking spaces when we go out.

Over the years the City has grown, but it remains manageable. We believe the addition of 450(+) residences is unnecessary, unneeded and would severely damage the tranquility and appeal of La Habra.

We do not support the Rancho La Habra development and will vote to oppose it.

--
Regards,
Lori Goldberg

RE: RANCHO LA HABRA PROPOSED DEVELOPMENT

Dear Public Servants:

First of all, thank you all for your service to the La Habra community.

My name is Kathy Little and I have been a resident of La Habra Heights/La Habra since I was two years old. I am now 75, still living in La Habra. As a child growing up in La Habra Heights in an old, very unpretentious home, we looked out at what we called our million dollar view—the valley where the city of La Habra is now, and over the Coyote Hills (with sheep and shepherds populating the view), and off to the ocean and the island of Catalina. All of this area was largely undeveloped.

A childhood in La Habra Heights was idyllic, filled with loads of space where my friends and I would hike the canyons, ride horseback, disappear for hours and come home when I heard the dinner bell ring from a mile away. I remember the modest downtown stretch of La Habra, with the serious and somber Bank of America on the northwest corner of what is now La Habra Blvd. and Euclid, and the two pharmacies in town (Caplingers and Suttons) at that same intersection where the city hall and 7/11 now are. And the Safeway market which was right about where the current Bank of America is situated. La Habra was a small town and we watched it grow, losing acres of citrus trees and, in the Heights, acres of avocado groves. Of course, there was bound to be growth.

My husband and I bought our first home in La Habra almost 50 years ago, in which I still live. It's located at the edge of La Habra/Brea, and at that time was still unfamiliar territory "out of the city" to us. Since that time, the city has grown immensely, and, while I suppose that's to be expected, the **amount** of growth isn't always welcomed by the residents. In that 50 years the volume of traffic produced by the growth has become difficult to navigate if we live near main routes to the freeways or major streets, especially at rush hours. My back yard has become almost unusable for gatherings because of the traffic noise, which includes the really loud sirens from emergency vehicles which use this direct route frequently. And I avoid the stretch of Imperial from Beach to at least Euclid whenever possible.

The recent additions of several high density housing areas in La Habra, and what looks like the insatiable desire of the city officers to use up every inch of remaining space by building something on it, is distressing to me. (Never mind the chaos and upheaval when several projects are in process in close time and space proximity as has happened in the last few years). Open space is so important for us all but is an increasingly rare commodity. It provides breathing room and solitude and space to detach from density by offering a place to walk and ride bikes, enjoying the rhythm of nature and teaching your grandkids about it. It gives our eyes something to look at besides a neighbor's wall or a shopping center just feet away from us. All things that are necessary and helpful in an increasingly busy and crowded world.

I notice that part of your webpage describes La Habra as a "caring community." I know that phrase can be applied in many ways, but I am hoping that you will all listen *carefully* and honestly to the concerns of those of us who feel that the city has reached its capacity for large scale growth, such as that proposed in the Rancho La Habra development. Please think about your legacy for our city: will it be just one more spreading high-density area that runs together with all the others? Or perhaps include a large, sensibly preserved open space that provides your constituency the opportunity to live a more healthful and peaceful, quality lifestyle within our own city limits. Please consider the quality of life for those who already live here rather than the monetary gain. Enough growth is enough growth. And please take the opportunity to really hear the opinion of your constituents by NOT making a decision until AFTER we have the opportunity to vote.

Thank you if you've read to the end of this; I know it's a long letter, but I'm very concerned about this issue and I believe I represent others with the same concerns.

Sincerely,

A handwritten signature in blue ink that reads "Katherine K. Little". The signature is written in a cursive, flowing style.

Subject: No more homes

Hi, My Names Ayleen Sanchez. I have been a la habra resident for 18 years. Throughout the years I have seen an increase of homes which have led to an increase of traffic. La Habra is losing its beautiful touch of being a small beautiful town. Its overcrowded and its becoming ugly. Nobody wants to live in an overcrowded city, especially when they don't even fix what needs to be fix. You guys shouldn't be worried about houses you guys should be worried about fixing up the community, such as fixing street pavement & fixing street lights. Also adding more community aafe places for the youth to stay out of trouble or just a fun new place to hangout like a drive in theatre or roller skating rink. The idea of building new homes is at bad idea and many of your community members believe that. It really shows how the city of la habra doesn't care about what the community thinks but in reality it's just show casing how you guys are just money hungry and it's sad. Do better. La Habra is becoming such a terrible place to live. The area is too small for all these new residents. The traffic is too much. Pollution in the area is going up. Cost of living for low income residents WILL/ARE going up. Jobs will become competitive. This does more harm than good. --

Subject: Rancho La Habra

Dear Planning Commission,

As a local resident at 721 El Rey Drive my wife and I would like to strongly object to the Rancho La Habra development.

We have had experience living through one of the developments built by Cal Atlantic/Standard Pacific homes. While they have been absorbed by Lennar, senior management is still in place and I would say business as usual.

First and foremost they are not an honest company and do not follow through with promised made to residents and avoid responsibility and intimidate residents that object to their violations.

Just as an example here are a few of the items we experienced.

- did not provide security(close gates for instance) and when called blamed subcontractors
- when warned about people coming in to the construction area they ignored it
- when we were robbed by one of these people they said it was not their responsibility
- when workmen showed up at 6AM Sunday morning throwing scaffolding down they said it was not their problem - call the city
- when I warned them of a hummingbird nest in the way of their tree trimming they ignored it and destroyed it violating federal law(no response)
- we had constant tire punctures and extremely sharp sheet metal cut our dog's paw. Again, not their problem
- Their HOA was just an extension of their management and pretty much did as they were told

Generally they will promise to be friends of the city of La habra and a partner in the community but once the paperwork is signed and bulldozing starts the rules will change and the losers will be residents, the city itself and a future quality of life. I understand any business is designed to make a profit and provide a service however; I feel their motivation goes beyond that and their presence will irreparably harm others and degrade and not supplement the City of La Habra.

La Habra is a unique place and not like most cities today - there is an amazing sense of community and inclusion. Resources should be used to grow that and allow for smaller, well designed individual developments(hopefully funded and built locally) not this corporate monster.

Thank you for your time and this forum,
Marshall Perkins

Planning Commission,

I am a home-owner in La Habra for over 20 years.

I and many other residents are completely against this proposed development.

The amount of traffic that will inundate us must be stopped.

This is a huge decision to be made, and to just leave it up to the selected few is reckless.

This must be brought to a vote by the citizens of La Habra as this will impact us all.

Thank you for your time

Subject: Rancho La Habra

Hello

,
What a bad idea it is to build more homes in this beautiful area. La Habra is know for its' Westridge Golf Course. When we talk to people from far way areas and we tell them that we are from La Habra, they ask, "Is that where Westridge Golf course is?"

We have so many homes popping out everywhere that we are just going to be known as the city with so much traffic that they can't even go shopping here. It sometimes takes 10 minutes or more to drive just one block. Parking is already ridiculous. I can't even picture having any more cars on the road. Sometimes it takes five minutes before I can even get out of my own neighborhood. This is a horrible idea. We will just become another crowded city where no body wants to visit.

We used to have lots of the animal life behind our home and now it's just becoming a crowded area where all the animals are disappearing. Any little spot where there is room to build is being developed and already causing so many problems with traffic. More is not always better. The city may get more money, but we will never be able to add more land to deal with the traffic problem. This will make everyone want to leave this city. Then we will be left to deal with many vacancies everywhere. Real estate will plummet. La Habra will no longer be a desirable place to live. Just another overcrowded place that people will not want to visit. More is not always better. Less is more! We used to see hawks and birds, of all kinds, living in that area. But no longer. They will be driven out for the selfish reason of wanting more and more taxes, and for what? Then we will have to deal with the traffic and the concrete areas and not enough parking where we have driven every species of animals out, for our selfish reasons. All kinds of animal species and birds will disappear. Please don't be selfish. Please represent us as you should. All the animals that live there do not have a voice. So consider them. You would be killing them off. It's sad. We used to feel like we were out in the wilderness when we would hike out there. Then they built the golf course. Now they want to take it out and put more houses. We do not want this! We do not need this! So many people are leaving out of California for this reason. Now you are giving us more of a reason to leave La Habra. You would be doing an injustice to all of us. We have added enough homes. Enough is enough.

Sincerely,

--

Subject: Rancho La Habra

To all it concerns

As residents of La Habra since 1993 we are extremely concerned about this Rancho La Habra Development project from Lennar. We are residing on 1320 Smoke Tree CT in La Habra, just adjacent to Westridge Golf Club.

With all the new developments already build, behind old Vons, around the City Hall, at Whittier Blvd and Harbor Blvd and at La Habra Blvd and Idaho Street, the traffic got just so much worse and there is no plan being announced from the city of La Habra or the Developer to address this issues.

With the current infrastructure, La Habra, in our opinion cannot handle this influx of over 400 new residential dwellings.

We are opposing this new development due to possible horrendous traffic congestions and a diminishing quality of life due to this increased traffic and pollution.

Subject: Re: Rancho La Habra EIR

I have previously expressed concern over the impact of peak hourly demand to the existing Westridge community once the proposed Rancho La Habra project is in place. Specifically, the low pressure nodes at Westridge. We have experienced extremely low pressure barely dripping water when the golf course was using water.

Your recent documents only have hydraulic analyses for the "proposed project", that is more for design purpose rather than for an EIR. The City's Water Supply Assessment only addressed average demand. Hydraulic analyses at peak hourly demand were NOT performed to show the impact on pressure at "EXISTING communities". Isn't EIR supposed to address that?

If you have already addressed this issue, please let me know where in the documents I can find it. If you haven't, please kindly address it. I tried to call (562) 383-4100, and all I got was an answering machine.

Looking forward to hearing from you. Thanks.

Subject: RE: Rancho La Habra EIR
Attachments: RLH Appendix S Water Hydraulic Analysis.pdf

Hi Julie,

As noted in Response to Comment WEI-1, Draft EIR Appendix S, *Water System Hydraulic Analysis*, demonstrates that the Project's proposed water system meets the City's design standards and would provide adequate fire flow and water pressure under average daily, maximum daily, and peak hour demand conditions.

EIR Appendix S states that Brian Jones, City of La Habra Sewer and Water Manager, confirmed that there is sufficient capacity in the existing Zone 1 system to provide adequate water service to Rancho La Habra. Zone 1 is serviced by two reservoirs: the Puente Hills Reservoir has a capacity of 5.0 million gallons and the Serv Byerrum Reservoir has a capacity of 9.3 million gallons.

Appendix S also includes operational recommendations as part of the Project's water system design that will be implemented by the City as follows:

"The ultimate condition will require the following O&M modifications: the zone break valve at Junction 34, which has been closed by the City of La Habra, will be opened and the existing valve at Junction 56 will be closed. (The valve at 33 would remain closed.) By opening the valve at 34 and closing the valve at 56, the existing pipes between these valves would be converted from Zone 20 to Zone 21. The pressure reducing valve at R4 would drop the pressure in these pipes from the Zone 21 to Zone 1 for the connection into the proposed development. This would allow the entire proposed system within Tract 17845 to be serviced from the Zone 1 water supply."

Subject: Rancho La Habra

As a resident of La Habra (2001 S. La Quinta Court), I am definitely opposed to the Rancho La Habra development of the Westridge Golf Course. While I understand that pressure that the city is under to provide additional housing, this is not the right way to solve for that. This project will bring more traffic to our city and take away the largest area of open space we have.

I live adjacent to this project and deal with this traffic on a daily basis. Imperial Highway is a nightmare when it comes to traffic; Idaho & Beach are the same. Adding homes to this already congested area will only make it worse.

Some of the literature I've seen touting the project talks about how it will save water because the golf course will not be irrigated. More homes and more families will surely use as much or more water than the golf course with the increased population (kitchens, bathrooms, pools, lawns, etc.). That argument doesn't hold any water!

Why can't La Habra maintain a nice golf course? All the surrounding cities have one: La Mirada, Whittier, Brea, Fullerton, Buena Park, La Habra Heights. Yes, I realize some of these are private or county-owned. So what? Why can't La Habra come up with a plan to make our golf course every bit as desirable/marketable/enjoyable as these other ones? I understand that the city is always concerned about money, but where there is a will, there's a way. La Habra has come a long way in competing with its neighboring cities. Let's move forward, not backward, when it comes to amenities for our residents. The city should come up with a plan to market the golf course more effectively and increase the number of those who use it.

I've lived in the city for nearly 30 years. It's a great place. Please keep it that way.

Hello, I live right over the hill off of Idaho and there is not enough road for more traffic going down Idaho to Gilbert. This road was never meant for high traffic. It is a two lane highway. The overcrowding has led to disease, pollution, stress due to traffic, and less places to get away into nature. The ground is shifting constantly which is not a good foundation for more than one story homes, let alone the high cost of building on low quality land. This is fraudulent. The driveways on Camino Del Sol are shifting and sinking costing the owners fifty thousand each to fix. Please stop over development for the health and well being of everyone! Why can't we just have our last bit of open space in North OC?? Whoever builds and buys here is bringing a curse on everyone.

Sincerely,
Lori Guerrero
Local Resident

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Jason Spencer

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Carolyn Watson

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Elaine Daly Machen

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Darlene Horvath
West Erna Avenue

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Debbie Watson
South Walnut Street
La Habra, California 90631

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Barbara Romero
North El Portal Drive
La Habra, California 90631

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Bo Kim
Francisco Drive

- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Brian Law

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Byung Choi

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Margaret Baloff

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Marian Najera-Corral
North Cypress Street
La Habra, California 90631

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Marjorie Bush

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Alejandra Salazar

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Kandace Plantier

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Katie Linfield
Lorella Avenue
La Habra, California 90631

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Kim Kinses Lee
Glenhaven Drive
La Habra, California 90631

Subject: STOP Rancho La Habra

Dear Mayor Beamish And Councilmembers,

Please **vote NO** on the Rancho La Habra development, or at least **wait to hear from the voters** on the November ballot measure, before you take away half of our remaining Open Space.

I live in La Habra, and I'm worried about all the effects of over-development in our community:

- Traffic nightmares
- Parking shortages on our streets and at our stores
- Overcrowding of our City and its schools/resources
- Increased density and loss of our suburban way of life

This November, after two years of waiting, the citizens finally have the opportunity to vote directly on Open Space. The Council promised it would listen. ***We don't think it's right for you to rush Rancho La Habra ahead of that vote.***

Thank you,

Kristina Yoon
